

Tulane University

Admission to Tulane University

Tulane University welcomes applications from students of good character, intelligence, motivation, and achievement. Students may apply for admission to the fall or spring semester. Through its Committee on Admission, Tulane selects those students who are considered best able to participate profitably and successfully in the academic program to which they are seeking admission and who are most apt to enrich the educational experience of their fellow students. An ability to contribute constructively to campus life outside the classroom is valued as well, and Tulane is strongly committed to the notion that diversity among its students is a necessary component of an outstanding educational experience.

APPLICATION PROCEDURES

All applicants for admission as full-time students must submit a completed application form, a secondary school transcript, a letter of recommendation, a non-refundable application fee, and official results of either the SAT or ACT examination with writing sample. Applicants must also submit a personal statement.

Transfer students also must submit official college transcripts from all colleges they have attended and a statement of good standing from the last college attended.

Individuals may apply for undergraduate admission under the provisions of either Early Action, Early Decision, or Regular Decision.

Completed applications should be on file as early in the senior year as possible and no later than January 15.

Students applying for a Deans' Honor Scholarship are required to submit their admission and scholarship applications by December 15. Applicants are informed of the admission decision no later than April 1. Students applying for mid-year admission follow the same procedure as fall applicants, but all materials must be on file in the admission office no later than November 1. Notification of the decision is sent as soon as possible after the file is complete. (See divisional sections for further information.)

Individuals interested in applying for admission may do so by completing the Application for Undergraduate Admission

published by the Office of Undergraduate Admission, the Common Application (available in secondary school guidance offices), the Tulane University On-Line Application For Admission that can be obtained from the Tulane University Website, or any one of several commercially sponsored websites that allow students to complete college admission applications on-line.

The deadlines for applying for admission as an undergraduate student vary by the semester for which the applicant seeks admission, the admission option selected, and the type of admission sought (e.g. as a freshman or as a transfer student.) The table following summarizes the deadline dates.

Early Action

Fall	Freshman November 1	Transfer Not Applicable
Spring	Freshman Not Applicable	Transfer Not Applicable

Early Decision

Fall	Freshman November 1	Transfer Not Applicable
Spring	Freshman Not Applicable	Transfer Not Applicable

Regular Decision

Fall	Freshman January 15	Transfer June 1
Spring	Freshman November 1	Transfer November 1

EARLY ACTION ADMISSION OPTION

Students who wish to complete the admission process early in their senior year may apply through the Early Action admission option.

Applicants must submit all application material and supporting credentials by November 1, and will be informed of the admission decision by December 15. Students who are offered admission under the Early Action Plan will have until May 1 to respond to Tulane's offer of admission.

native language is not English also must take the Test of English as a Foreign Language (TOEFL). An application to take the test should be requested at an early date from the Educational Testing Service, Princeton, New Jersey 08540 USA.

International students also must submit a certified financial statement indicating that sufficient funds are available for all of their college expenses. Applicants are advised to apply before February in order to have all materials in their application file by February 15.

Like other students, international students are required to maintain acceptable standards of English in all their work. Academic, governmental, and personal counseling is available to students from other countries through the Center for International Students and Scholars.

Students Transferring From Other Institutions

A student who has satisfactorily completed some work at another accredited college or university may be admitted to Tulane University as a transfer student, with credit toward degree awarded for relevant college-level work done elsewhere. Tulane University recommends that transfer applicants present a cumulative grade point average of approximately 3.0 (B average) in all college-level coursework with greater strength in coursework closely related to the intended field of study. While coursework in technical areas is considered, the Committee on Admission looks for A's and B's in coursework that is challenging and academic in nature, including English composition, mathematics, liberal arts, and sciences. Students applying for transfer to Tulane must meet the same standards for admission required of freshmen, which includes satisfactory scores on either the SAT I or ACT. All parts of the application, including transcripts from high school and each college attended, and a statement of good standing from the last college attended, should be received by the following deadlines: June 1 for the fall semester, November 1 for the spring semester. All transfer applicants must be in good standing at the colleges attended and eligible to continue or reenter these colleges at any time. Transfer applicants are requested to send a course catalog or photocopies of course descriptions for all college courses they have taken.

The divisions grant transfer credit only for courses completed at regionally accredited institutions and which are applicable toward the degree sought in the division. (See divisional sections for

further information.) A candidate for a degree must complete a minimum of 60 credits at Tulane University.

The maximum value or amount of acceptable credit shown on the official transcript from the institution(s) previously attended is the maximum transferable amount. Tulane University utilizes a semester-hour system and all transferable credits will be evaluated on a semester-hour basis. For example, a transferable three semester-hour course will be accepted as three credits, a transferable four quarter-hour course will be accepted as 2.70 credits. (See divisional sections for further information.)

If, at the time of application the student is enrolled in another institution and is acceptable for admission, acceptance is tentative until an official transcript is presented showing successful completion of courses the student was taking at the time of application as well as all courses attempted and completed previously. Graduates in liberal arts curricula of accredited junior colleges who wish to transfer to Tulane University to complete a bachelor's degree are encouraged to apply.

Correspondence and CLEP (College Level Examination Program) credits are not accepted as credit toward degree. Credits and advanced placement granted by other institutions are not acceptable unless the official College Board AP or Foreign Language SAT II Test scores are validated. Credit and placement will be awarded as recommended by the appropriate Tulane academic departments.

Transfer credits are not included in the computation of Tulane University grade point averages. Tulane-sponsored programs such as semester or year-long Study Abroad, Washington Semester, and geology field camps award Tulane credit, not transfer credit.

Transfer students should arrange for the Office of Undergraduate Admission to receive transcripts and course descriptions for courses in progress at the time of application well in advance of the beginning of classes to allow a timely evaluation of credits. Transcripts that arrive late may result in students repeating courses for which they already have earned acceptable credits. In such cases, the Tulane credit is disallowed when the transcript shows completion of the equivalent transferable course.

Housing generally is available for transfer applicants. Interested candidates should contact the Office of Housing and Residence Life.

ADVANCED STANDING FOR FRESHMAN APPLICANTS

Advanced Placement

The university offers advanced placement or credit toward degree to entering first-year students demonstrating superior training and ability by earning high scores on the College Board Advanced Placement (AP) Tests. The individual academic departments determine the placement or credit in each subject area. Departments usually award a minimum of three credits for scores of “4” or better and may award advanced standing in the subject area for a score of “3.” A list of approved credit and placement for AP subject areas can be obtained from the Office of Undergraduate Admission.

International Baccalaureate

Tulane will award credit toward degree or advanced placement for IB scores of “5” or greater on a higher-level test. No credit or placement will be awarded for the subsidiary tests. Academic departments make the final decisions regarding credit awarded toward degree requirements.

FINANCIAL ASSISTANCE FOR NEW STUDENTS

Need-Based Financial Aid

Tulane University administers a need-based financial aid program to assist the families of qualified applicants who, because of resource limitations, would not be able to attend Tulane University. To be considered for need-based financial aid, students must file the Free Application for Federal Student Aid (FAFSA) with the federal processor and the Profile with the College Scholarship Service. (Please refer to the Financial Aid section for details regard policies regarding applying for need-based financial aid.)

Merit Scholarships

Each year Tulane University recognizes a number of applicants for first-year admission as outstanding scholars and awards a variety of merit-based scholarships to these individuals. All scholarships are awarded on a competitive basis.

Deans’ Honor Scholarships (DHS)

Approximately 100 outstanding first-year students annually are offered Deans’ Honor Scholarships. The amount the DHS award is the cost of tuition. The award is renewable for four years (five years if the student is in the School of Architecture.) The award is adjusted annually to reflect any increases in the amount of tuition.

Continuation as a Deans’ Honor Scholar requires that the student maintain the specified level of academic achievement as stipulated in the award notification. These awards are granted without regard to financial need. To be considered, applicants must submit the Deans’ Honor Scholarship Application, included with their application for admission, by December 15.

Distinguished Scholars Awards (DSA)

Tulane offers the Distinguished Scholars Awards to entering first-year students who have outstanding academic qualifications. The scholarship provides a tuition waiver of up to \$20,000 per year and a \$2,000 waiver of campus housing costs. (DSA award amounts are subject to adjustment) The award is renewable at the level initially awarded to the recipient for four years (five years if the student is in the School of Architecture.) Continuation as a Distinguished Scholar requires that the student maintain the specified level of academic achievement as stipulated in the award notification. All applicants for admission are automatically considered for this award.

SPECIAL ADMISSION CATEGORIES

Admission as a Special Student

Students who must pursue college work part-time and those students interested in non-degree status are encouraged to seek admission to the School of Continuing Studies. (See the School of Continuing Studies section for details.)

Students who did not complete the requirements for a degree, but who have completed two or more full-time semesters, are 25 years of age or older, and who have been away from the University for at least three years, may apply for readmission to a full-time division as part-time students for the purpose of completing a degree.

These students are governed by the curricular regulations in effect at the time of their readmission.

Those already holding a baccalaureate degree may be admitted as special students on a part-time basis for the purpose of pursuing an additional degree and are governed by curricular regulations in effect at the time of their readmission. Graduates who want only additional coursework (i.e., not seeking a second degree) should apply to the School of Continuing Studies.

Admission as a Guest Student

Sophomores and juniors in good standing at other accredited institutions may enroll full-time for one or two semesters in the

undergraduate divisions of Tulane University as guest students. These students must have the approval of their deans at their home schools and are subject to the regulations for special students. Guest students wishing to change their status to degree-seeking must have their academic records re-evaluated prior to admission to the university.

READMISSION TO TULANE UNIVERSITY

Students Returning to Tulane After a Break in Attendance

A student whose studies have been interrupted without the benefit of an authorized leave of absence must file a readmission application with the Newcomb-Tulane College dean's office at least four weeks prior to the date of the desired reenrollment.

If the student has attended another institution while away from Tulane, a statement of good standing and an official transcript showing all college or university coursework attempted or in progress during the absence must accompany the application for readmission. Transfer credit for such coursework is subject to approval by the appropriate Tulane departments. Students who voluntarily left Tulane and are readmitted within one year will return under the degree requirements in effect for them at the time of their departure. Readmitted students who involuntarily left the university or are readmitted after having been away more than one year are subject to the curricular requirements in effect at the time of readmission. All readmitted students must complete the last 27 credits for the degree while in residence in the division. They may not participate in priority registration and will not receive registration materials until after their readmission has been processed.

Students Returning to Tulane After a Break in Attendance Caused by a Medical Condition

Students whose enrollment is interrupted by a medical withdrawal may be required to receive medical clearance from a physician at the Student Health Center before they can register for a subsequent semester.
