

Czech 291

## The Writing Requirement

Dear Students,

if you have completed your English proficiency and wish to use Czech as a writing course, we can do it.

You'll need to write up your presentations, and final presentation, as short papers. Turn in each paper shortly after your presentation, and I will return it with comments for your revision. Turn in the final presentation shortly before the end of the class, and I will return it promptly for revision. We need about 20 pp. in all of rewriting for this requirement to be satisfied.

See me for more information.

Thanks for your attention,

gmc
