School  
Ceramics workshop  
reminder  
Mark Your Calendars!

**Table Rock Middle School**

On Thursday, November 8, the 6th grade class from Table Rock Middle School came to the Catawba Meadows site for an educational hands-on field trip. Almost 200 students, as well as teachers and chaperones, were guided through demonstrations and activities. Some students learned to play the traditional Native American game chunky, while others were given a demonstration on stone tool making before practicing making traditional ceramics. The students also enjoyed working on the traditionally built palisade which will be part of the 16th century living history exhibit the EJF is constructing at Catawba Meadows.

### Ceramics workshop reminder

#### **Reminder: Ceramics Workshop 10am - 2pm, Saturday Dec. 8**

Join the EJF Staff Archaeologist at the Wall Center for a workshop on the techniques of Native American pottery making using similar methods and materials. The workshop is free for members and \$5 for non-members. There is a 20 person limit on this workshop. This event is open to all ages.

## **Mark Your Calendars!**

With the temperature dropping, we will be shifting to indoor educational events over the next few months. Below is the schedule of events for the EJF, which include primitive technology workshops, presentations, and lab days. Please share this calendar with families and friends looking for fun, interesting activities through the winter months.

### **November**

#### **Tuesday, November 27: Lab Night 6:30-8:30pm**

Join the EJF Staff Archaeologist at the Wall Center for a free lab night to process artifacts from the Charles and Alice Carey Collection. Learn to identify the different types of projectile points and ceramic types for the region.

### **December**

#### **Tuesday, December 4: Lab Night 6:30-8:30pm**

Join the EJF Staff Archaeologist at the Wall Center for a free lab night to process artifacts from the Charles and Alice Carey Collection. Learn to identify the different types of projectile points and ceramic types for the region.

#### **Saturday, December 8: Ceramics Workshop 10am - 2pm**

Join the EJF Staff Archaeologist at the Wall Center for a workshop on the art of traditional pottery making using traditional methods and materials. The workshop is free for members and \$5 for non-members. There is a 20 person limit on this workshop. This event is open to all ages.

#### **Tuesday, December 11: Lab Night 6:30-8:30pm**

Join the EJF Staff Archaeologist at the Wall Center for a free lab night to process artifacts from the Charles and Alice Carey Collection. Learn to identify the different types of projectile points and ceramic types for the region.

#### **Tuesday, December 18: Lab Night 6:30-8:30pm**

Join the EJF Staff Archaeologist at the Wall Center for a free lab night to process artifacts from the Charles and Alice Carey Collection. Learn to identify the different types of projectile points and ceramic types for the region.

### **January**

#### **Saturday, January 12: Traditional Foods Workshop 10am - 2pm**

Join the EJF Staff Archaeologist at the Wall Center for a workshop on traditional Southeastern Native American food preparation and cooking (food provided). The workshop is \$15 for members and \$20 for non-members. There is a 20 person limit on

this workshop, please R.S.V.P. This workshop is open to all ages.

**Tuesday, January 15: Lab Night 6:30-8:30pm**

Join the EJV Staff Archaeologist at the Wall Center for a free lab night to process artifacts from the Charles and Alice Carey Collection. Learn to identify the different types of projectile points and ceramic types for the region.

**Tuesday, January 22: Lab Night 6:30-8:30pm**

Join the EJV Staff Archaeologist at the Wall Center for a free lab night to process artifacts from the Charles and Alice Carey Collection. Learn to identify the different types of projectile points and ceramic types for the region.

**Tuesday, January 29: Lab Night 6:30-8:30pm**

Join the EJV Staff Archaeologist at the Wall Center for a free lab night to process artifacts from the Charles and Alice Carey Collection. Learn to identify the different types of projectile points and ceramic types for the region.

**February**

**Tuesday, February 5: Lab Night 6:30-8:30pm**

Join the EJV Staff Archaeologist at the Wall Center for a free lab night to process artifacts from the Charles and Alice Carey Collection. Learn to identify the different types of projectile points and ceramic types for the region.

**Saturday, February 9: Soapstone (steatite) Carving Workshop 10:00am- 2:00pm**

Join the EJV Staff Archaeologist at the Wall Center for a workshop on traditional soapstone carving. Come learn about early cooking techniques using soapstone bowls, as well as learning about soapstone decorative pieces such as the one found at the Berry site this past summer carved in the shape of a white tail deer.

**Tuesday, February 12: Lab Night 6:30-8:30pm**

Join the EJV Staff Archaeologist at the Wall Center for a free lab night to process artifacts from the Charles and Alice Carey Collection. Learn to identify the different types of projectile points and ceramic types for the region.

**Tuesday, February 19: Lab Night 6:30-8:30pm**

Join the EJV Staff Archaeologist at the Wall Center for a free lab night to process artifacts from the Charles and Alice Carey Collection. Learn to identify the different types of projectile points and ceramic types for the region.

**Tuesday, February 26: Lab Night 6:30-8:30pm**

Join the EJV Staff Archaeologist at the Wall Center for a free lab

night to process artifacts from the Charles and Alice Carey Collection. Learn to identify the different types of projectile points and ceramic types for the region.
