-N. Stokey and R. Lucas, with E. Prescott (1989). *Recursive Methods in Economic Dynamics*. Cambridge: Harvard University Press.

## **II. CLASSICAL MODELS OF GENERAL EQUILIBRIUM AND TRADE**

### **A. Structure of Classical Models**

#### **1. Surveys/Overviews**

-V. Walsh and H. Gram (1980). *Classical and Neoclassical Theories of General Equilibrium: Historical Origins and Mathematical Structure*. Oxford: OUP.

-L. Pasinetti (1977). *Lectures on the Theory of Production*. New York: Columbia University Press.

#### **2. Adam Smith and the Canonical Classical Model**

-A. Smith (1776). *An Inquiry into the Nature and Causes of the Wealth of Nations*. New York: Modern Library.

-S. Hollander (1973). *The Economics of Adam Smith*. Toronto: University of Toronto Press.

-P. Samuelson (1977). "A Modern Theorist's Vindication of Adam Smith". *AER*; V.67-#1, pp. 42-49.

-P. Samuelson (1978). "The Canonical Classical Model of Political Economy". *JEL*; 16-#4, pp. 1415-1434.

-E. Sieper (1983). "Smith, Ricardo and the Bounty on Corn". ms.: Australian National University.

### 3. Ricardian Models

#### a. Ricardian Models of General Equilibrium

-D. Ricardo (1821). *The Principles of Political Economy and Taxation*. Cambridge: CUP.

-F. Knight (1935). "The Ricardian Theory of Production and Distribution". *CJEPS*; V.1-#?, pp. 3-25 and 171-196.

-G. Stigler (1952). "The Ricardian Theory of Value and Distribution". *JPE*; V.60-#?, pp. 187-207.

-P. Samuelson (1959). "A Modern Treatment of the Ricardian Economy: I. The Pricing of Goods and of Labor and Land Services". *QJE*; V.73-#1, pp. 1-35.

-P. Samuelson (1959). "A Modern Treatment of the Ricardian Economy: II. Capital and Interest Aspects of the Pricing Process". *QJE*; V.73-#?, pp. 217-231.

-L. Pasinetti (1960). "A Mathematical Formulation of the Ricardian System". *REStud*; V.27-#?, pp. 78-98.

-R. Findlay (1974). "Relative Prices, Growth and Trade in a Simple Ricardian System". *Eca*; V.41-#?, pp. 1-13.

-A. Burgstaller (1986). "Unifying Ricardo's Theories of Growth and Comparative Advantage". *Eca*; V.53-#4, pp. 467-481.

-A. Burgstaller (1989). "A Classical Model of Growth, Expectations and General Equilibrium". *Eca*; V.56-#?, pp. 373-393.

-J. Hicks and S. Hollander (1977). "Mr. Ricardo and the Moderns". *QJE*; V.?-#?, pp. 351-369.

-S. Hollander (1979). *The Economics of David Ricardo*. Toronto: University of Toronto Press.

-C. Casarosa (1978). "A New Formulation of the Ricardian System". *OEP*; V.?-#?, pp. 38-63. (Comment by Hicks (1979) pp. 133-134)

-G. Caravale and D. Tosato (1980). *Ricardo and The Theory of Value, Distribution and Growth*. London: RKP.

-G. Caravale, ed. (1985). *The Legacy of Ricardo*. Oxford: Blackwell.

-M. Morishima (1989). *Ricardo's Economics: A General Equilibrium Theory of Distribution and Growth*. Cambridge: CUP.

#### b. Activity Analysis and the Ricardo-Leontief-Samuelson Model

-T. Koopmans (1951). "Analysis of Production as an Efficient Combination of Activities". in T. Koopmans, ed. *Activity Analysis of Production and Allocation*. New York: Wiley, pp. 33-97.

-N. Georgescu-Roegen (1951). "Some Properties of a Generalized Leontief Model". in T. Koopmans, ed. *Activity Analysis of Production and Allocation*. New York: Wiley, pp. 165-173.

-N. Georgescu-Roegen (1950). "Leontief's System in the Light of Recent Results". *REStat*; V.32-#?, pp. 214-222.

-L. Metzler (1951). "Taxes and Subsidies in Leontief's Input-Output Model". *QJE*; V.65-#?, pp. 433-438.

-R. Dorfman, P. Samuelson and R. Solow (1958). "The Statical Leontief System". Chapters 9 and 10 in *Linear Programming and Economic Analysis*. New York: McGraw Hill, pp. 204-264.

-J. Melvin (1970). "The Production Set When Labor is Indispensable". *IER*; V.11-#2, pp. 305-314. (Comment by Georgescu-Roegen follows, pp. 315-317.

-K. Suzumura (1973). "Boundedness of the Closed Economy with Samuelson-Leontief Technology". *Hitotsubashi Journal of Economics*; V.13-#2, pp. 43-46.

-K. Arrow and D. Starrett (1973). "Cost-theoretical and Demand-theoretical Approaches to the Theory of Price Determination". in J. Hicks and W. Weber, eds. *Carl Menger and the Austrian School of Economics*. Oxford: Clarendon Press, pp. 129-148.

#### c. Nonsubstitution Theorems

-P. Samuelson (1951). "Abstract of a Theorem Concerning Substitutability in Open Leontief Models". in T. Koopmans, ed. *Activity Analysis of Production and Allocation*. New York: Wiley, pp. 142-146.

-T. Koopmans (1951). "Alternative Proof of the Substitution Theorem for Leontief Models in the Case of Three Industries". in T. Koopmans, ed. *Activity Analysis of Production and Allocation*. New York: Wiley, pp. 147-154.

-K. Arrow (1951). "Alternative Proof of the Substitution Theorem for Leontief Models in the General Case". in T. Koopmans, ed. *Activity Analysis of Production and Allocation*. New York: Wiley, pp. 155-164.

-P. Samuelson (1961). "A New Theorem on Nonsubstitution". in H. Hegeland, ed. *Money, Growth and Methodology*. Lind: C.W.K. Gleerup, pp. 407-453.

-E. Burmeister and E. Sheshinski (1969). "A Nonsubstitution Theorem in a Model with Fixed Capital". *SEJ*;

-J. Mirlees (1969). "The Dynamic Nonsubstitution Theorem". *REStud*; V.36-#1, pp. 67-76.

-J. Stiglitz (1970). "Non-substitution Theorems with Durable Capital Goods". *REStud*; V.27-#?, pp. 543-553.

- L. Johansen (1972). "Simple and General Nonsubstitution Theorems for Input-Output Models". *JET*; V.5-#?, pp. 383-394.
- P. Chander (1974). "A Simple Proof of the Nonsubstitution Theorem". *QJE*; V.88-#?, pp. 698-701.
- J. Melvin (1969). "Intermediate Goods in Production Theory: The Differentiable Case". *REStud*; V.36-#1, pp. 124-131.
- J. Melvin (1974). "Samuelson's Substitution Theorem with Cobb-Douglas Production Functions". *Australian Economic Papers*; V.13-#?, pp. 43-51.
- Y. Otani (1973). "Neo-Classical Technology Sets and Properties of Production Possibility Sets". *Etrica*; V.41-#4, pp. 667-682.
- R. Manning (1981). "A Nonsubstitution Theorem with Many Primary Factors". *JET*; V.25-#?, pp. 442-449.
- R. Manning (1982). "Nonsubstitution Over the Production-Possibility Frontier". in M. Kemp, ed. *Production Sets*. San Diego: Academic Press, pp. 51-67.
- R. Manning, J. Markusen and J. Melvin (1993). "Dynamic Nonsubstitution and Long-run Production Possibilities". in H. Herberg and N.V. Long, eds., *Trade, Welfare and Economic Policies*. Ann Arbor: University of Michigan Press, pp. 51-66.

#### 4. Marxian Models

##### a. The Structure of Marxian Economic Models

- D. Foley (1986). *Understanding Capital: Marx's Economic Theory*. Cambridge: CUP.
- P. Samuelson (1957). "Wages and Interest: A Modern Dissection of Marxian Economic Models". *AER*; V.47-#5, pp. 884-912.
- M. Morishima (1973). *Marx's Economics: A Dual Theory of Value and Growth*. Cambridge: CUP.
- M. Morishima (1974). "Marx in the Light of Modern Economic Theory". *Etrica*; V.42-#?, pp. 611-632.
- P. Samuelson (1974). "Marx as Mathematical Economist: Steady-State and Exponential Growth Equilibrium". in G. Horwich and P. Samuelson, eds. *Trade, Stability and Macroeconomics*. New York: Academic Press, pp. 269-307.
- I. Steedman (1977). *Marx after Sraffa*. London: New Left Books.
- P. Samuelson (1983). "Leontief-Sraffa-Marx Input-Output Systems". Appendix C-9 in *Foundations of Economic Analysis* (enlarged edition). Cambridge: Harvard University Press, pp. 561-584.
- J. Roemer (1981). *Analytical Foundations of Marxian Economic Theory*. Cambridge: CUP.

##### b. The Transformation Problem and Exploitation

-P. Samuelson (1971). "Understanding the Marxian Notion of Exploitation: A Summary of the So-Called Transformation Problem between Marxian Prices and Competitive Prices". *JEL*; V.9-#2, pp. 399-431.

-M. Morishima and G. Catephores (1978). *Value, Exploitation and Growth*. New York: McGraw Hill.

-A. Lipietz (1982). "The `So-Called Transformation Problem` Revisited". *JET*; V.26-#?, pp. 59-88.

-D. Foley (1982). "The Value of Money, The Value of Labor Power, and the Marxian Transformation Problem". *Review of Radical Political Economy*; V.14-#2, pp. 37-47.

-J. Roemer (1982). *A General Theory of Exploitation and Class*. Cambridge: Harvard University Press.

### c. Falling Rate of Profit and Economic Crisis

-N. Okishio (1961). "Technical Changes and the Rate of Profit". *Kobe University Economic Review*; V.7-#?, pp. 85-99.

-N. Okishio (1963). "A Mathematical Note on Marxian Theorems". *WA*; V.91-#2, pp. 287-299.

-N. Okishio (1977). "Notes on Technical Progress and Capitalist Society". *Cambridge Journal of Economics*; V.?-#?, pp. 93-100.

-J. Roemer (1977). "Technical Change and the 'Tendency of the Rate of Profit to Fall'". *JET*; V.16-#2, pp. 403-424.

-J. Roemer (1978). "The Effect of Technological Change on the Real Wage and Marx's Falling Rate of Profit". *Australian Economic Papers*; V.?-#?, pp. 152-166.

-J. Roemer (1979). "Continuing Controversy on the Falling Rate of Profit: Fixed Capital and Other Issues". *Cambridge Journal of Economics*; V.3-#?, pp. 379-398.

-S. Bowles (1981). "Technical Change and the Profit Rate: A Simple Proof of the Okishio Theorem". *Cambridge Journal of Economics*; V.5-#1, pp. 183-186.

-W. Nordhaus (1974). "The Falling Share of Profits". *BPEA*; #1, pp. 169-208.

-M. Feldstein and L. Summers (1977). "Is the Rate of Profit Falling?". *BPEA*; #1, pp. 211-227.

-T. Weisskopf (1979). "Marxian Crisis Theory and the Rate of Profit in the Postwar US Economy". *Cambridge Journal of Economics*; V.3-#4, pp. 341-378. (Comment by F. Munley (1981), V.5-#2, pp. 159-173 and Response, pp. 175-182).

-E. Wolff (1979). "The Rate of Surplus Value, the Organic Composition, and the General Rate of Profit in the US Economy, 1947-1967". *AER*; V.69-#3, pp. 329-341.

## 5. Neo-Ricardian Models

### a. Neo-Ricardian General Equilibrium

- L. Mainwaring (1984). *Value and Distribution in Capitalist Economies: An Introduction to Sraffian Economics*. Cambridge: Cambridge University Press.
- P. Sraffa (1960). *Production of Commodities by Means of Commodities*. Cambridge: Cambridge University Press.
- G. Harcourt (1972). "Mr. Sraffa's *Production of Commodities by Means of Commodities*". Appendix to Chapter 4 in *Some Cambridge Controversies in the Theory of Capital*. Cambridge: CUP, pp. 177-204.
- P. Garegnani (1970). "Heterogeneous Capital, The Production Function and the Theory of Distribution". *RESud*; V.37-#3, pp. 407-436.
- L. Pasinetti (1974). *Growth and Income Distribution*. Cambridge: Cambridge University Press.
- L. Pasinetti (1981). *Structural Change and Economic Growth*. Cambridge: Cambridge University Press.
- W. Darity (1981). "The Simple Analytics of Neo-Ricardian Growth and Distribution". *AER*; V.71-#5, pp. 978-993.
- J. Blatt (1984). *Dynamic Economic Systems: A Post-Keynesian Approach*. Armonk: M.E. Sharpe.
- M. Blaug (1975). *The Cambridge Revolution: Success or Failure?* London: Institute of Economic Affairs.
- A. Dixit (1977). "The Accumulation of Capital Theory". *OEP*; V.29-#1, pp. 1-29.

#### b. Reswitching

- D. Levhari (1965). "A Nonsubstitution Theorem and Switching of Techniques". *QJE*; V.79-#?, pp. 98-105.
- L. Pasinetti (1966). "Changes in the Rate of Profit and Switches of Technique". *QJE*; V.80-#?, pp. 503-517.
- D. Levhari and P. Samuelson (1966). "The Nonswitching Theorem is False". *QJE*; V.80-#?, pp. 518-519.
- M. Morishima (1966). "Refutation of the Nonswitching Theorem". *QJE*; V.80-#?, pp. 520-525.
- M. Bruno, E. Burmeister and E. Sheshinski (1966). "The Nature and Implications of the Reswitching of Techniques". *QJE*; V.80-#?, pp. 526-553.
- P. Garegnani (1966). "Switching of Techniques". *QJE*; V.80-#?, pp. 555-567.
- P. Samuelson (1966). "A Summing Up". *QJE*; V.80-#?, pp. 568-583.
- K. Bharadwaj (1970). "On the Maximum Number of Switches between Two Production Systems". *Schweizerische Zeitschrift für Volkswirtschaft und Statistik*; V.?-#?, pp. 409-429.
- G. Harcourt (1972). "A Child's Guide to the Double-Switching Debate". Chapter 4 of *Some*

*Cambridge Controversies in the Theory of Capital*. Cambridge: CUP, pp. 118-176.

-J. Metcalfe and I. Steedman (1972). "Reswitching and Primary Input Use". *EJ*; V.82-#?, pp. 140-157.

## B. Classical Models of International Trade

### 1. Overviews

-J. Chipman (1965). "A Survey of the Theory of International Trade: Part 1, The Classical Theory". *Etrica*; V.33-#3, pp. 477-519.

-M. Chacholiades (1973). "The Classical Theory". Part II of *The Pure Theory of International Trade*. Chicago: Aldine.

-G. Gandolfo (1987). "The Classical (Ricardo-Torrens) Theory of Comparative Costs". Chapter 2 of *International Economics, I: The Pure Theory of International Trade*. Berlin: Springer-Verlag, pp. 7-32.

-A. Takayama (1971). "The Classical Theory of Comparative Advantage and Its Modern Developments". Part II of *International Trade: An Approach to the Theory*. New York: Holt, Rinehart and Winston.

### 2. The Basic Ricardian Analysis of International Trade

-D. Ricardo (1821). "On Foreign Trade". Chapter 7 of *The Principles of Political Economy and Taxation*. Cambridge: CUP.

-J.S. Mill (1917). "International Values". Book III, Chapter xviii, *Principles of Political Economy*. London: Longmans.

## 6. International Trade in Neo-Ricardian Models

### a. Overviews

-I. Steedman (1979). *Trade Amongst Growing Economies*. Cambridge: Cambridge University Press.

-A. Dixit (1981). "The Export of Capital Theory". *JIE*; V.11-#?, pp. 279-294.

-I. Steedman (1999). "Production of Commodities by Means of Commodities and the Open Economy". *Metroeconomica*; V.50-#3, pp. 260-276.

### b. Factor-Price Equalization with Heterogeneous Capital

-P. Samuelson (1965). "Equalization by Trade of the Interest Rate Along with the Real Wage". in R. Baldwin, *et al.* eds. *Trade, Balance of Payments and Growth*. Chicago: Rand McNally, pp. 35-52.

-I. Steedman and J. Metcalfe (1973). "The Non-Substitution Theorem and International Trade Theory". *Australian Economic Papers*; V.12-#?, pp. 267-269.

-L. Mainwaring (1976). "Relative Prices and "Factor Price" Equalization in a Heterogeneous Capital Goods Model". *Australian Economic Papers*; V.12-#?, pp. 109-118.

-E. Burmeister (1978). "An Interest Rate and Factor Price Equalization Theorem with Non-Traded Commodities". *JIE*; V.8-#?, pp. 1-9.

-L. Mainwaring (1978). "The Interest Rate Equalization Theorem with Non-Traded Goods". *JIE*; V.8-#?, pp. 11-19.

-P. Samuelson (1978). "Interest Rate Equalization and Non-Equalization by Trade in Leontief-Sraffa Models". *JIE*; V.8-#?, pp. 21-27.

### c. Theorems on Trade with Heterogeneous Capital

-K. Acheson (1970). "The Aggregation of Heterogeneous Capital Goods and Various Trade Theorems". *JPE*; V.78-#2, pp. 565-571.

-J. Metcalfe and I. Steedman (1972). "Heterogeneous Capital and the Heckscher-Ohlin-Samuelson Theory of Trade". in J. Parkin and A. Nobay, eds. *Essays in Modern Economics*. London: Longman, pp. 50-60.

-P. Samuelson (1975). "Trade Pattern Reversals in Time-Phased Ricardian Systems and Intertemporal Efficiency". *JIE*; V.5-#?, pp. 309-363.

-I. Steedman and J. Metcalfe (1977). "Reswitching, Primary Inputs and the HOS Theory of Trade". *JIE*; V.7-#?, pp. 201-208.

-M. Kemp (1973). "Heterogeneous Capital Goods and Long-Run Stolper-Samuelson Theorems". *Australian Economic Papers*; V.12-#?, pp. 253-260.

-M. Kemp and C. Khang (1974). "A Note on Steady-State Price:Output Relationships". *JIE*; V.4-#2, pp. 187-197.

-W. Ethier (1979). "The Theorems of International Trade in Time-Phased Economies". *JIE*; V.9-#?, pp. 225-238. (Comment by Metcalfe and Steedman, and Response. *JIE*, V.11-#?, pp. 267-277)

#### d. Gains From Trade

-I. Steedman and J. Metcalfe (1973). "On Foreign Trade". *Economia Internazionale*; reprinted in I. Steedman, ed. *Fundamental Issues in Trade Theory*. New York: St. Martins, pp. 99-109.

-J. Metcalfe and I. Steedman (1974). "A Note on the Gain From Trade". *EcRec*; V.50-#?, pp. 581-595.

-L. Mainwaring (1974). "A Neo-Ricardian Analysis of International Trade". *KYKLOS*; V.27-#?, pp. 537-553.

-P. Samuelson (1978). "Free Trade's Intertemporal Pareto-Optimality". *JIE*; V.8-#?, pp. 147-149.

-M.A.M. Smith (1979). "Intertemporal Gains from Trade". *JIE*; V.9-#?, pp. 239-248.

-L. Mainwaring (1979). "On the Transition from Autarky to Trade". in I. Steedman, ed. *Fundamental Issues in Trade Theory*. New York: St. Martins, pp. 131-141.

#### e. Distribution, Growth and Trade in a Neo-Ricardian World

-I. Steedman (1979). "The von Neumann Analysis and the Small Open Economy". in I. Steedman, ed. *Fundamental Issues in Trade Theory*. New York: St. Martins, pp. 142-158.

-S. Parinello (1979). "Distribution, Growth and International Trade". in I. Steedman, ed. *Fundamental Issues in Trade Theory*. New York: St. Martins, pp. 159-187.

-J. Metcalfe and I. Steedman (1979). "Growth and Distribution in an Open Economy". in I. Steedman, ed. *Fundamental Issues in Trade Theory*. New York: St. Martins, pp. 201-227.

### 7. International Trade in Marxian and Neo-Marxian Models

-A. Emmanuel (1972). *Unequal Exchange: A Study of the Imperialism of Trade*. New York: Monthly Review.

-S. Amin (1974). *Accumulation on a World Scale: A Critique of the Theory of Underdevelopment*. New York: Monthly Review.

-S. Amin (1977). *Imperialism and Unequal Development*. New York: Monthly Review.

-G. Arrighi (1978). *The Geometry of Imperialism*. London: New Left Books.

-A. Shaikh (1979). "Foreign Trade and the Law of Value". *Science and Society*; V.43-#3, pp. 281-302; (1980) V.44-#1, pp.

-A. Shaikh (1980). "The Laws of International Exchange". in E. Nell, ed. *Growth, Profits and Prosperity*. Cambridge: Cambridge University Press, pp. 204-235.

-J. Roemer (1983). "Unequal Exchange, Labor Migration, and International Capital Flows: A Theoretical Synthesis". in P. Desai, ed. *Marxism, Central Planning, and the Soviet Economy*.

Cambridge: MIT Press, pp. 34-60.

-D. Schweickart (1991). "The Politics and Morality of Unequal Exchange". *Economics and Philosophy*; V.7-#1, pp.

-D. Evans (1975). "Unequal Exchange and Economic Policies: Some Implications of the Neo-Ricardian Critique of the Theory of Comparative Advantage". in I. Livingstone, ed. *Development Economics and Policy: Readings*. London: Allen and Unwin.

-P. Samuelson (1976). "The Illogic of the Neo-Marxian Doctrine of Unequal Exchange". in D. Belsley, et al., eds. *Inflation, Trade and Taxes*. Columbus: Ohio University Press.

-A. DeJanvry and F. Kramer (1979). "The Limits of Unequal Exchange". *Review of Radical Political Economics*; V.11-#4, pp. 3-15.

-B. Gibson (1980). "Unequal Exchange: Theoretical Issues and Empirical Findings". *Review of Radical Political Economics*; V.12-#3, pp. 15-35.

-L. Mainwaring (1980). "International Trade and the Transfer of Labour Values". *Journal of Development Studies*; V.17-#1, pp. 22-31.

-R. Sau (1984). *Underdeveloped Capitalism and the General Law of Value*. Atlantic Highlands: Humanities Press.
