Dear Students,

Thanks for an absorbing and far ranging discussion of Hrabal. I much appreciated it.

We now look forward to a day or more of Czech film in late March. I solicit volunteers and also assign the following:

Mařena	Please get <i>Kolija</i> or <i>Musíme si pomáhat</i> — Svěrák films of recent vintage — for at least partial viewing in class
Kateřina	Please get a classic of Czech new wave and introduce it with a ten minute talk on the subject. You can find <i>Lásky plavováscky</i> or <i>Hoří, má panenko</i> at Alternative Audio, and the department will reimburse you for the rent
Ilona, Jan, Ivan, Naďa	Please prepare a talk on Czech film: any topic. Eg: genres of the twenties and thirties, animation films, great Czech actors, films from literature, Czech comedy, place of film in society
