Records of the Orleans Parish Landmarks Commission, a New Orleans preservation organization. Chartered by the Louisiana Legislature in 1957, the O.P.L.C. designates historic structures in Orleans Parish and marks them with plaques describing their history and significance. The records include write-ups for plaques, research notes, and original photographic negatives showing many of the completed plaques after installation.

PROVENANCE

Records were given by the Orleans Parish Landmarks Commission to Tulane in 1985. Additions are given on an irregular basis.
