

New Orleans, Louisiana. Architecture. Non-residential Building Plans (microfilm)

SOUTHEASTERN ARCHITECTURAL ARCHIVE COLLECTION 73

Building plans (microfilm)
1881 - 1925
14 reels

Microfilm copies of blueprints of plans for commercial and other non-residential New Orleans buildings from the late 19th and early 20th century. Blueprints were originally filed with the New Orleans Building Permits Office, which were transferred to the New Orleans Public Library's Louisiana Division. The blueprints were in poor condition and the Public Library decided to microfilm the drawings, discarding the originals. Copies of the microfilm were given to Tulane.

PROVENANCE

Microfilm was given by the New Orleans Public Library to Tulane in 1979. Additional rolls of film were purchased by S.E.A.A. in 1983.
