Library Research and Resources in the Online Environment

Rudolph Matas Library, Tulane University Health Sciences Center
GOOGLE SCHOLAR

http://scholar.google.com/
About

A simple way to broadly search for scholarly literature. From one place, you can search across many disciplines and sources: articles, theses, books, abstracts and court opinions, from academic publishers, professional societies, online repositories, universities and other web sites.

Basic Search

Go to Scholar

http://scholar.google.com
Advanced Search

Getting Full-Text Articles

LOG-IN FIRST with your TU username and password. By being on the TU network, you will be able to access a substantial amount of full-text materials.

http://medlib.tulane.edu
Potential Full-Text Issues

• If the link to the article does not work, look in the E-Journals List or Library Catalog to see if we subscribe to that journal

• What if we don’t have it?
  – INTERLIBRARY LOAN, http://matas-lib.tulane.edu/
  – Check other local academic or public libraries

http://medlib.tulane.edu
Importing your results into a citation manager

• Results from Google Scholar can be imported into:
  – EndNote
  – EndNote Web
  – RefWorks

• Information on the library provided citation managers can be found at: http://medlib.tulane.edu/pubsupp.htm
Select your Citation Manager on the Scholar Preferences Page
