

SHEILA TOBIAS COLLECTION

SHEILA TOBIAS COLLECTION

Collection: NAC-

Size: 3 cubic feet

Accession number: 00-001

Location: NCCROW, NAC-

SOURCE OF ACQUISITION:

Donated by Sheila Tobias.

RESTRICTIONS:

None.

PROCESSOR:

Jennifer Kaltwasser.

ORGANIZATION AND ARRANGEMENT:

The materials are separated into three boxes. One box contains manuscript drafts of Tobias's books. They are organized chronologically. A second box contains published periodicals and booklets, organized alphabetically. The third box contains miscellaneous papers, articles, notes, syllabi, etc. Every effort was made to preserve the order in which the latter materials were donated.

There is also a Sheila Tobias Collection of catalogued books. They are currently on display and when moved will continue to be non-circulating. They are marked with bookplates indicating that they were gifts of Sheila Tobias. They are organized by Library of Congress order. The assigned numbers can be found on identifying strips and in pencil on the copyright page. For a listing of the books in the collection, see library donations.

SCOPE AND CONTENT:

The bulk of this collection is manuscripts and papers saved by and donated by Sheila Tobias in exquisite order.

The Sheila Tobias Collection of books contain personal notes in Sheila Tobias's hand. Also, many of the books are signed by the author and/or inscribed by or to Sheila Tobias.

The material, which covers the period from 1978 to 1999, may be helpful to researchers interested in the education of women, the education of women in math and the sciences, pedagogical debates, the writing and teaching styles of Sheila Tobias, the writing process, or the feminist personal library.

Box 1 of 3

Manuscript drafts.

Faces of Feminism, 1997.
Science as a Career, 1995.
Overcoming Math Anxiety, rev. ed., 1993.
Breaking the Science Barrier, 1992.
Breaking the Science Barrier, 1992.
Succeed with Math, 1987.
Overcoming Math Anxiety, 1978.

Box 2 of 3

Periodicals and booklets.
