

Documenting the Lives of Newcomb Teachers

Size: 1 Hollinger box

Location: NCCROW

SOURCE OF ACQUISITION:

Newcomb Foundation grant for the summer of 1995. Researched by Martha Rodriguez, Carlyn Delizio and Danielle Bias.

RESTRICTIONS:

None.

ORGANIZATION AND ARRANGEMENT:

Four taped interviews are kept with the oral history tapes. Five index card boxes separate the teachers researched by Newcomb class years.

NOTES:

It is recommended to use the note cards as a first step in research. These cards list all known Newcomb graduates that became teachers. The files include more information about specific teachers. Within the collection the researchers each focused upon differing themes. Danielle Bias focused on higher education, Carolyn Delizio focused on politics and private schools and Martha Rodriguez focused on the original Newcomb faculty and alumnae who returned to teach at Newcomb.
