Bibliography on Globalization

I. Defining and Empirically Identifying Contemporary Globalization

A. Conceptual Analyses and Overviews of Globalization

**B. Collections/Edited Volumes**

C. Popular Discussions of Globalization and Its Consequences

Schuster.

II. Economic Components of Globalization

A. Some Basic Empirics of Economic Globalization

**B. International Trade and Globalization**

1. Just How Global are World Commodity Markets?

   a. The Law of One Price

b. Pricing-to-Market

L. Winkelmann and R. Winkelmann (1998). “Tariffs, Quotas and Terms-of-Trade: The Case of
New Zealand”. *JIE*; V.46-#2, pp. 313-332.

c. Home Market Bias: Border Effects in Commodity Trade

2. Trade and Labor Markets

   a. Mostly Employment Effects

   (1) Overviews

(2) Accounting Decompositions

(3) Factor Content Method

(4) Regression Analyses

(a) US

(b) Europe

(c) UK

(d) Other

(5) CGE Methods

b. Mostly Wage Effects

(1) Overviews

Washington, DC: Brookings\OECD.

(2) US

(3) Europe

(4) Japan

(5) LDCs

365-372.

c. Exchange Rates and Wages/Employment

d. Globalization and Deindustrialization

e. The Effect of Protection on Wages and Employment

3. Global Governance in International Trade: WTO and Beyond

a. General

b. MFN/Non-Discrimination

c. Reciprocity

R. Keohane (1986). "Reciprocity in International Relations". *IO*; V.40-#1, pp. 1-27.

d. Special and Differential Treatment for LDCs

(1) Theoretical Foundations of Arguments for S&D

(2) Economic Analysis of GSP

(3) Political-Economy of GSP/NIEO

e. Dispute Resolution

C. International Migration and Globalization

1. Just How Global is the Labor Market?

   a. Large International Labor Flows

   b. Persistent International Wage Differentials

2. Labor Market Effects of Immigration

   a. Overviews/Surveys

(1) Books and Articles

(2) Collections of Papers

b. Effect of Immigration on Native Wages and Employment

(1) Analytical Framework

(2) Cross-Sectional Analysis
(a) Structural (Production Function-based) Methods

(b) Wage/Unemployment Regressions

i) Mostly Wage Effects

ii) Mostly Unemployment Effects

iii) Immigration and Income Distribution/Poverty

(c) Quasi-Experimental Designs

i) Cross-Section Differencing

ii) Natural Experiments

(d) Segmented Labor Markets?

i) Ethnographic Studies

M. Piore (1979). Birds of Passage: Migrant Labor and Industrial Society. Cambridge:

ii) Econometric Studies

(3) Economy-wide Estimates

(a) Time Series

(b) Partial Equilibrium Simulation

(4) Immigration and Income Distribution in Simple AGE Models

Economic Journal; V.18-#2, pp. 74-78.

(5) Other

c. Labor Market Effects of Trade and Immigration

(1) Econometric Analysis

(a) Complements or Substitutes?

W. Hutchinson and J. Dunlevy (1999). “The Impact of Immigration on American Import Trade in
the Late Nineteenth and Early Twentieth Centuries”. *Journal of Economic History*; V.59-#4, pp. 1043-1062.

(b) Labor Market Effects

(2) Trade and Migration in AGE Models

(a) Simple AGE Models

(b) Large-scale AGE Models

3. Other Effects of Immigration

   a. Effect of Immigration on Spatial Distribution of Population
(1) Overviews

(2) Immigrants and Migratory Behavior of Domestic Workers

(3) Internal Migration of Migrants

J. Nogle (1994). “Internal Migration for Recent Immigrants to Canada”. *International Migration*
Review; V.28-#1, pp. 31-48.

b. Effect of Immigration on Educational Attainment: Natives and Immigrants

c. Immigration and Crime

d. Immigration and Cultural Assimilation

e. Diversity, Multiculturalism, and Social Stability

Bauböck, Rainer (1996). “Social and Cultural Integration in a Civil Society”. in Rainer Bauböck,
4. Public Policy and Migration

a. Effects of Immigration Policy

(1) Mainly US

(2) Mainly Canada

(3) Mainly Australia

(4) Mainly European Cases

b. Migration and the Welfare System

(1) Theory: Redistribution with Labor Mobility

(2) Empirical Research

J. VanHook, J. Glick, and F. Bean (1999). “Public assistance receipt among immigrants and
natives: How the unit of analysis affects research findings”. *Demography*; V.36-#1, pp. 111-120.

c. Fiscal Effects of Immigration Policy

d. Guest Workers

(1) Theoretical Analysis

M. Krauss (1976). "The Economics of the 'Guest Worker' Problem: A Neo-Heckscher-Ohlin Approach". ScanJE; V.78-#?, pp. 469-476.

M. Krauss and W. Baumol (1979). "Guest Workers and Income-Transfer Programs Financed by Host Governments". KYKLOS; V.32-#1/2, pp. 36-46.

(2) Empirical Research on Temporary Migration

e. Illegal Migration

(1) Formal Theory

Development Economics; V.63-#2, pp. 515-527.

(2) Labor Market Effects: Empirical

(3) Effects of Enforcement Policies: Empirical

5. Political Economy of Migration

a. Political Economy of Migration

b. Global Migration and Sovereignty

c. Migration and Justice: National and International

(1) Overviews

(2) Utilitarians

(3) Kantians/Deontologists

(a) Liberals (e.g. Rawlsians)

Galloway, Donald (1993). “Liberalism, Globalism, and Immigration”. *Queen’s Law Journal*; V.18-#?, pp. 266-

-Perry, Stephen, “Immigration, Justice, and Culture”. pp. 94-135.

-Seidman, Louis Michael, “Fear and Loathing at the Border”. pp. 136-146.

(b) Communitarians

(c) Libertarians, Contractarians, etc.

(d) Liberal Immigration Mercantilists

(4) Realists

D. FDI and Globalization of Production

1. Just How Global is Production?

a. Overviews

Hood, Neil, and Stephen Young, eds., *The Globalization of Multinational Enterprise Activity and...*

b. Multinationalization

c. Outsourcing/Production Fragmentation

Greenaway, David (1987). “Intra-industry Trade, Intra-firm Trade and European Integration:

2. Labor Market Effects of FDI and Income Distribution

   a. Overviews

   BHM chapter 4.

   Caves chapter 5.

Countries”. International Labour Review; V.134-#4/5, pp. 521-540.

b. Theoretical Research

c. Empirical Research

(1) In Industrial Countries

(a) Mostly Employment

M. Conyon, S. Girma, S. Thompson, and P. Wright (2001). “The Impact of Mergers and
Acquisitions on Company Employment in the UK”. EER; V.45-#

(b) Mostly Wages

(c) Inward Investment and Wages in Industrial Countries

H. Görg and E. Strobl (2001). “Employment Growth in Irish Manufacturing: The Role of Foreign Multinational and Domestic Firms”. Ms:

(2) Inward FDI in Developing Countries

d. Corporate Response to Globalization

e. Unions and Firms under FDI

(1) Theoretical Research

(2) Empirical Research

3. Political Economy of Global Production

a. Global Political Economy

b. Domestic Political-Economy of FDI: Host Countries

(1) LDC Hosts

(2) Industrial Country Hosts

c. Domestic Political-Economy of FDI: Source Countries

E. Globalization of Financial Markets

1. Just How Global are Financial Markets?

   a. Overviews

b. International Parity Conditions

(1) Overviews

(2) PPP

(3) Interest Parity

V.56-#2, pp. 189-208.

Flood, Robert and Andrew Rose (2002). “Uncovered Interest Parity in Crisis”. *IMF Staff Papers*; V.49-#2, pp. 252-266.

(4) Cointegration and Predictability

Kilian, Lutz and Mark Taylor (2003). “Why is it so difficult to beat the random walk forecast of exchange rates?”. *Journal of International Economics*; V.60-#1, pp. 85-107

c. Portfolio Diversification

d. Consumption Risk Sharing

e. Saving-Investment Correlations: Feldstein-Horioka

f. Consumption Non-Correlation

C. Consumption Non-Correlation

Alvarez, Fernando, Andrew Atkeson, and Patrick Kehoe (2002). “Money, Interest Rates, and

2. Financial market globalization and crisis

   a. First-Generation Models

Blackburn, Keith (1988). “Collapsing Exchange Rate Regimes and Exchange Rate Dynamics:
Some Further Examples”. *Journal of International Money and Finance*; V.7-#, pp. 373-385.

b. Second-Generation Models

c. Third-Generation Models

Miller, Victoria (2000). “Central Bank Reactions to Banking Crises in Fixed Exchange Rate

Christiano, Lawrence, Christopher Gust, and Jorge Roldos (2004). “Monetary Policy in a
Financial Crisis”. *Journal of Economic Theory*; V.119-#1, pp. 64-103.

d. Empirical Work on Financial Globalization and Crisis

3. Domestic Response to Financial Globalization:

   a. Exchange Rate Regimes

      (1) Analytical Arguments

(2) The Trilemma

Frankel, Jeffrey, Sergio Schmukler and Luis Severén (2004). “Global Transmission of Interest

(3) Descriptive Accounts

b. Capital Controls and Other Responses

4. Global Governance Issues

5. Political Economy of Global Finance

a. Historical Overviews

(1) General

(2) The Gold Standard

(3) The Interwar Years

(4) The Bretton Woods System

b. Contemporary Issues

(1) Domestic Political Economy

Sobel, Andrew (1999). *State Institutions, Private Incentives, Global Capital*. Ann Arbor:

(2) International Political Economy

Group of Thirty (1997). *Global Institutions, National Supervision and Systematic Risk*. 

**F. High-Technology, Infomatics, Post-Industrialism and Globalization**

1. Globalization and High-Technology

   a. How Global are Technology Spillovers?

      (1) Domestic Interindustry and Intraindustry Spillovers

S. Basu (forth). “Procyclical Productivity: Increasing Returns or Cyclical Utilization?”. *QJE*; V.?.

N. Bania, R. Eberts, and M. Fogarty (forth.). “Universities and the Startup of New Firms: Can We Generalize from Route 128 and Silicon Valley”. *REStat*; V.?

(2) International Spillovers

b. What are the Labor Market Effects of Technological Change?

(1) Theory–Technology Change in Open Economies, GE

R. Jones (1965). “The Structure of Simple General Equilibrium Models”. JPE; V.73-#6, pp. 557-

(2) Empirical Research

c. Political Economy of Global High Technology

2. Globalization and Post-Industrialism

III. Macro Consequences of Globalization

A. Globalization, Development and Inequality

1. Globalization, Growth and Economic Convergence

2. Growth and Inequality

3. Globalization and Inequality

**B. Environmental Globalization**

1. Links between Globalization and the Environment

   a. General Analyses

b. Trade and the Environment

Dean, Judith (1992). "Environmentally Induced Trade Restraints and Developing Country Welfare". ms: Johns Hopkins SAIS.

c. Historical Perspectives

2. Political Economy of Environmental Globalization

C. Globalization and Gender

1. Global Gender Issues

Murphy, Craig (1996). “Seeing Women, Recognizing Gender, Recasting International

2. Gender, Macroeconomics, Growth

a. General Issues

b. Women and Structural Adjustment

3. Effects of International Liberalization
   a. General

b. Liberalization and Feminization of Employment

D. Cultural Consequences of Globalization

1. On the Political Economy of Global Media and Telecommunications

   a. History

   Headrick, Daniel (2000). *When Information Came of Age: Technologies of Knowledge in the Age*

b. Contemporary Political Economy

2. Cultural Consequences of Globalization

**IV. Globalization and Political Structure/Process**

**A. Globalization and the Nation State**

1. On Nations and Nationalism

   a. Positive Analyses of Nationalism

b. Ethical Analysis of Nationality/Citizenship

2. The Theory of the State
   
a. Overviews

b. Institutional/Functional Theories of the State

(1) Historical-Sociological Theories

(2) Choice-Theoretic Approaches

c. More-or-Less Instrumentalist Theories

(1) Essentially Class-based Politics

Essentially Sector-based Politics

d. More-or-Less Structuralist Theories

e. Capital-Theoretic Approaches to the State

3. General Analysis of Globalization and the Nation State

Evans, Peter (1997). “The Eclipse of the State: Reflections on Stateness in an Era of

a. General

Boix, Carles and Alicia Adserà (2000). “Trade, Democracy, and the Size of the Public Sector:
The Political Underpinnings of Openness”. *International Organization*; V.56-#2, pp. 229-262.

b. Macroeconomic Policy (Including labour market policy)

c. Globalization and Fiscal Policy

_American Economic Review_; V.86-#5, pp. 1057-1075.

Open Economy? The Role of Transfer Pricing and Income Shifting”. In David Pines, Efraim 
Sadka, and Itzhak Zilcha, eds. _Topics in Public Economics: Theoretical and Applied Analysis_.
